

Gate Automation Engineer

ABOUT MAGTEC ELECTRIC GATES LTD

Established in 1988, Magtec has built a strong reputation for designing, manufacturing, and installing bespoke automated gate systems. Every project is tailored to our customers' requirements, with our in-house design, fabrication, and installation teams working together to deliver high-quality solutions from concept through to completion.

With a skilled team of experienced engineers and continued business growth, we're proud to provide innovative gate automation solutions and are looking for talented individuals to join our team and help us continue delivering exceptional service.

THE ROLE

We are looking for a motivated, detail-oriented and methodical **Gate Automation Engineer** to join us on a permanent basis.

The successful candidate's responsibilities will include:

- Installing automated gates, barriers, bollards and access control systems.
- Servicing, maintaining and repairing gate automation equipment.
- Diagnosing faults and carrying out effective repairs.
- Commissioning new installations and ensuring they meet all safety and compliance standards.
- Providing excellent customer service and building positive relationships with clients.
- Working predominantly across the East and West Midlands, with occasional overnight stays where required.

ABOUT YOU

To be successful in the role, you are to possess the below knowledge and skills.

Essential:

- Proven experience installing, servicing and maintaining automated gates and access control systems.
- Valid ECS Card.
- Strong electrical and mechanical fault-finding skills.
- Full UK driving licence.
- Ability to work independently and effectively manage your workload.
- Positive attitude with a strong commitment to health and safety.

Desirable:

- DHF and/or Gate Safe training.
- Experience working on commercial, industrial or high-security sites.
- Knowledge of gate automation manufacturers and access control systems.
- Additional industry qualifications such as IPAF or PASMA.
- Strong customer service and communication skills.

COMPANY BENEFITS

This is an exciting opportunity to join Magtec Electric Gates Ltd in return for the right candidate we offer:

- Competitive salary, dependent on experience.
- Company vehicle.
- Company tools and branded uniform.
- Ongoing training and development opportunities.
- Opportunities for career progression within a rapidly growing business.
- A supportive, professional and collaborative team environment.
- The opportunity to work on a varied portfolio of commercial and high-security projects
